Homework 6A High-Fi

For my high-fidelity prototype, I mostly kept my designs the same as the previous iteration. However, rather than have the items show dynamically in the persistent cart side-bar, I changed the design to just show the number of items in the cart with a link to a new cart page, to fit the requirements of the homework assignment. The newly designed cart page shows the list of all items, price and a checkout option.
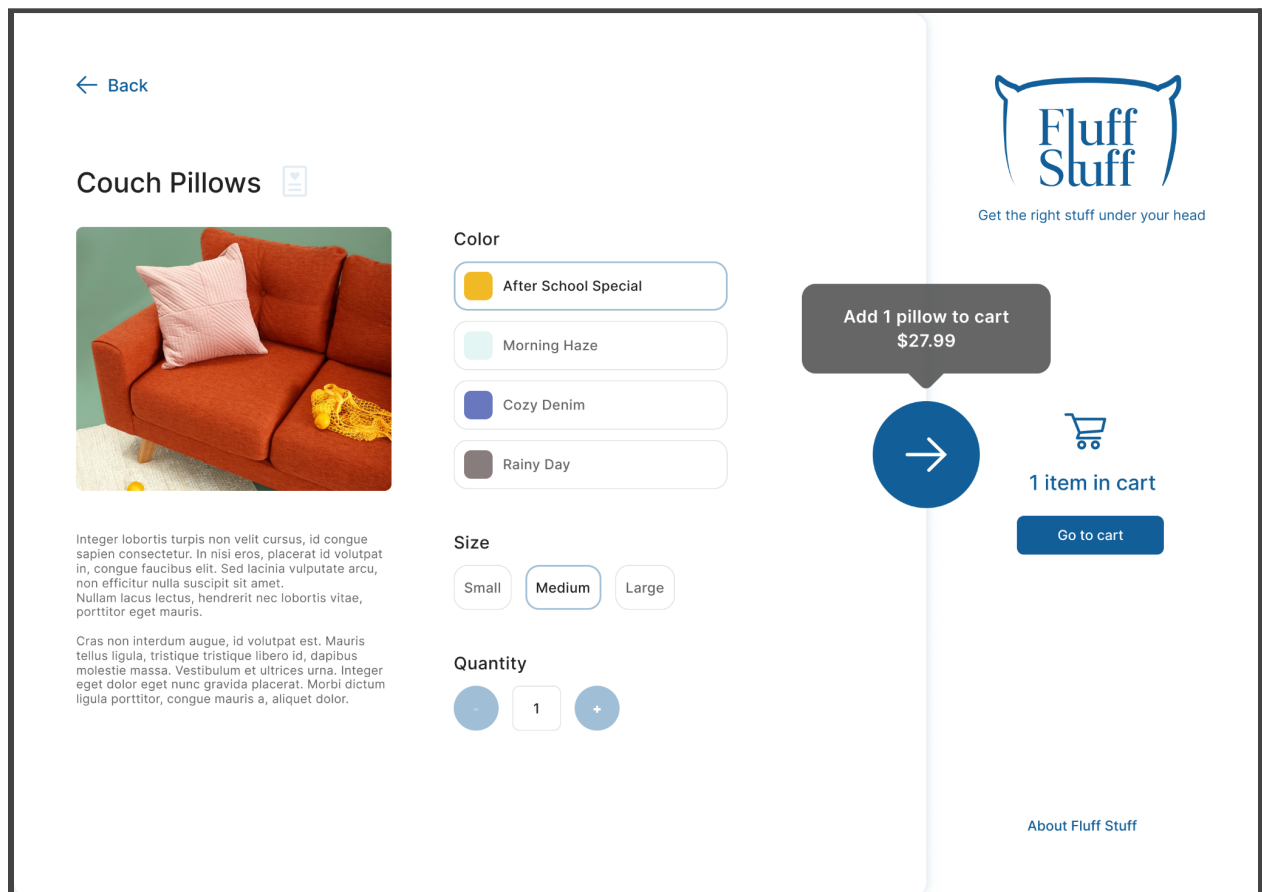

Cart

Item	Quantity	Subtotal	
Couch Pillows After School Special | Medium	3 ⌄	**$ 89.97**	✕
Couch Pillows After School Special | Medium	3 ⌄	**$ 89.97**	✕

Subtotal	$ 89.97
